JUAN DARSAUT

FRONTEND / FULL STACK DEVELOPER

Lanús, Buenos Aires, Argentina | +54 11 2356-3236 | darsaut.juani@gmail.com
Portfolio: https://juandarsaut-portfolio.pages.dev | GitHub: https://github.com/Juanii10
LinkedIn: https://www.linkedin.com/in/juan-ignacio-darsaut-86ba88247

PROFESSIONAL SUMMARY

Frontend / full stack developer with over 3 years of professional web development experience (SAP Fiori / SAPUI5 and ABAP at Clever For Tech) plus freelance work on landing pages, e-commerce, Tiendanube configurators and appointment booking systems. Skilled in React, Astro, TypeScript, Node.js/Express, PostgreSQL and Tailwind CSS, focused on responsive interfaces, smooth animations and strong user experience. Computer Engineering student at the University of Buenos Aires (FIUBA), with data analytics training and advanced English (FCE).

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL, ABAP, Elixir
Frontend: React, Astro, Vite, Tailwind CSS, GSAP, SAP Fiori / SAPUI5, Responsive Design, Web animations
Backend and data: Node.js, Express, Prisma ORM, PostgreSQL, REST APIs, WebSockets, authentication, admin dashboards
E-commerce: Tiendanube (cart API integration, dynamic catalog loading), simulated payment flows, WhatsApp links
Tools and deployment: Git, GitHub, Docker, Render, Vercel, Netlify, SAP Business Application Studio (BAS), SAP Cloud Connector, WSL2
Data analytics: Excel, SQL, Tableau, Google Data Analytics Certificate

PROFESSIONAL EXPERIENCE

Frontend Developer | Clever For Tech

January 2023 - Present

- Development and maintenance of enterprise web applications with SAP Fiori / SAPUI5 on SAP BAS, connected to internal systems through Cloud Connector.
- ABAP development on maintenance requests and new features (custom transactions, tables and logs).
- Handled changes from functional requirements through testing and delivery across environments.

Web Developer (Freelance) | Self-employed

July 2026 - Present

- Landing pages and sites for businesses and independent professionals with Astro and Tailwind CSS (carousels, scroll-driven sections, responsive design): FORJA Training Club (https://forja-gym-eta.vercel.app) and a web portfolio for an independent professional (https://jazminbianchi-portfolio.pages.dev).
- Built an interactive bracelet and charm configurator for a jewelry store on Tiendanube (HTML/CSS/JS): dynamic charm loading from the catalog, cart integration and order handoff via WhatsApp.
- Processed ~870 product images into transparent PNGs and computed anchor points through pixel analysis.
- Iterative client workflow: demo first, then production build.

SELECTED PROJECTS

NULA - Full stack e-commerce (portfolio project)

Node.js, Express, Prisma, PostgreSQL (Neon), Astro, React, Tailwind | github.com/Juanii10/nula-ecommerce

- Online store for a fictional clothing brand, with a custom REST API, relational database and decoupled frontend.
- Backend on Render, database on Neon and frontend on Vercel. Live demo: https://nula-one.vercel.app

BRUMA - Online appointment booking system (portfolio project)

Node.js, Express, Astro, React, Tailwind

- Guest booking for a hair salon / barbershop, with multiple professionals each managing their own schedule.
- Simulated deposit to confirm bookings, email reminders and an admin dashboard with basic statistics.

Cóndor del Sur - Flight seat reservation (university project)

Elixir/OTP, Cowboy WebSockets, React, Vite, Docker

- Concurrent backend in Elixir without frameworks (one GenServer per flight, DynamicSupervisor and Registry), ETS/DETS persistence and WebSocket communication.
- React/Vite frontend with flight search, flight detail, sign-up, login and reservations; deployed with Docker.

EDUCATION

University of Buenos Aires (FIUBA) - Computer Engineering

In progress since August 2022 | 18 of 36 courses completed

Instituto Sagrado Corazón, Lomas de Zamora - High School Diploma in Economics and Business Administration

2016 - 2021

CERTIFICATIONS / LANGUAGES

Google Data Analytics Certificate (Coursera)
Spanish: native | English: advanced, First Certificate in English (FCE)
